## CHOLESTEROL MEDICATION MAINTENANCE PANEL

### **DESCRIPTION**

If you're taking cholesterol medicine, your doctor may request a Cholesterol Medication Maintenance Panel before a refill is prescribed. It's also perfect for people who need to have their cholesterol and liver functions tested on a routine basis or for those simply interested in knowing their cholesterol level.

This panel checks to see if your current total cholesterol, LDL (bad cholesterol), HDL (good cholesterol), and triglyceride (blood fats) levels have changed. While not a common side effect, changes in liver enzymes can be directly associated with your current prescription; therefore, this panel will also check the liver enzymes that can be affected.

### **WHY DO I NEED THIS TEST?**

With a Cholesterol Medication Maintenance Panel from ANY LAB TEST NOW®, your doctor can make adjustments to your cholesterol medication and you can have peace of mind.

### **AM I REQUIRED TO FAST FOR THIS PANEL OF LAB TESTS?**

Yes. You must fast at least eight (8) hours prior to having your specimen collected.

### **HOW LONG WILL IT TAKE TO GET MY LAB TEST RESULTS?**

Test results generally take between 24 to 72 business hours after your specimen is collected.

### **OTHER RELEVANT LAB TESTS**

Customers who purchase the Cholesterol Medication Panel also purchase the Annual Check-Up, Comprehensive Male Panel or the Comprehensive Female Panel.

### **WRITTEN BY:**

**EKAN ESSIEN, MD, MPH MEDICAL DIRECTOR**

Ekan Essien, MD, MPH, a native Georgian, received his BA from Duke University. Dr. Essien continued his education at Florida A&M University where he received his Masters of Public Health in Epidemiology; received his medical degree from Meharry Medical College in Nashville, Tennessee; and obtained training in general and trauma surgery at Grady Memorial Hospital at Morehouse School of Medicine. He is a candidate in the post graduate fellowship in anti-aging and regenerative medicine from the American Academy of Anti-Aging Medicine.
