FIGHTER PANEL (MMA, BOXING AND OTHER COMBATIVE SPORTS)

DESCRIPTION

The Fighter Panel, specifically designed specifically for those involved in MMA, Boxing, Kickboxing and other Combative Sports, consists of the following tests:

1. HIV Test
2. Hepatitis B Surface Antigen
3. Hepatitis C (HCV) Antibody

WHY DO I NEED THIS TEST?

Ensuring that you or your MMA fighters, kickboxers and boxers are healthy and ready to fight is critical to staying competitive. Many organizations require a clean bill of health before they allow fighters to compete and this panel tests for HIV and Hepatitis B and C providing the results that you need with a quick turnaround time.

With your written consent the test results can be faxed directly to your State Athletic Commission to save you time.

AM I REQUIRED TO FAST FOR THIS LAB TEST?

No. You are not required to fast for this test.

HOW LONG WILL IT TAKE TO GET MY LAB TEST RESULTS?

Test results are generally available within 24 to 72 business hours after specimen collection. However, note that if the HIV screen is presumptive positive, a Western Blot for confirmation purposes will be performed. This can add an additional 3 to 7 business days to the test results.
