STD PANEL COMPREHENSIVE

DESCRIPTION

The ***Comprehensive STD Panel*** (urine and blood) tests for several sexually transmitted diseases at the same time at one low price, including HIV, Syphilis, Herpes I and II, Gonorrhea, Chlamydia, Hepatitis B and C.

If you've had unprotected sex and notice unusual symptoms, you could be infected with a sexually transmitted disease. Even if you don't have any visible symptoms, it's possible to have an STD and spread it to another person.

If you engage in risky behavior (unsafe sex), it is recommended that you get tested frequently to prevent transmission to others. If there's a chance you've been exposed to an STD, it's critical to find out as soon as possible.

WHY DO I NEED THIS TEST?

Have you had unprotected sex recently? Even without any symptoms, you could have an STD. Find out now with a ***Comprehensive STD Panel***.

People with one STD are more likely to contract another one. That's why we offer this comprehensive panel, to test for all major STDs at one low price.

HOW LONG WILL IT TAKE TO GET MY LAB TEST RESULTS?

Results from the ***Comprehensive STD Panel*** are generally available within 3 to 5 business days after your specimen is received by the lab.

AM I REQUIRED TO FAST FOR THIS LAB TEST?

No.

OTHER RELEVANT LAB TESTS

Customers concerned about a specific medical condition typically add other individual tests to this comprehensive panel.
