TOTAL T4 / TOTAL THYROXINE

DESCRIPTION

This test measures the total amount of circulating thyroxine in your blood. Thyroxine, a hormone produced by the thyroid, is also known as T4. A high value can indicate hyperthyroidism, a low value can indicate hypothyroidism. Total T4 levels can be elevated due to pregnancy, and other high estrogen states, including use of estrogen replacement or birth control pills.

AM I REQUIRED TO FAST FOR THIS LAB TEST?

No. You are not required to fast for this test.
